

Dear Dalton, I know who's on top of your gift list!

Dear Dalton, I know who's on top of your gift list!

Dear Dalton,

Your government's 1% increase for people on social assistance provides an additional:

- **23 cents a day** for a single person on Ontario Works, who will now receive \$599 per month
- **36 cents a day** for a single person assisted by the Ontario Disability Support Program (ODSP), who will now receive \$1,064 per month
- **46 cents a day** for a single mother with two children receiving ODSP, who will now receive \$1,742 per month

Please write to me and answer two questions:

- 1) Since grocery store prices have increased 5% in the last year,\* why did you raise social assistance rates by only 1%?
- 2) What extra food could you afford with an additional 23 cents a day?

Sincerely,

(Name)
